

Contraceptive Care that Works for You.

Choose Well SM

Various methods to choose from, all free or low cost.

Choose Well aims to reduce unintended pregnancy by improving consumer knowledge and access to contraceptive care services, increasing provider knowledge and skills, and removing the cost barriers to contraceptive care and birth control for women.

WHO QUALIFIES?

Our program makes birth control available to any woman in South Carolina regardless of your health coverage.

HOW MUCH WILL IT COST?

Depending on your situation, choose from various different methods that are free or low-cost.

HOW TO GET IT.

Make an appointment. Choose what's best for you.

Long-Acting Reversible Contraceptives (LARCs) Clinic is held Thursdays from 9a.m. – 11 a.m. at Montgomery Center for Family Medicine.

Visit www.selfregional.org/WAC/ for more information or call us at (864) 725-5100 to schedule your visit.
